

It's not that **WE DON'T**
TRUST YOU or that
BIG BROTHER IS
WATCHING YOU. We don't
want you to **WORK HARDER,**
just smarter. **VEHICLE**
TRACKING IS AWFULly
good, at keeping drivers safe, and it ensures that
you don't have to **WORK**
LONGER HOURS
than you should be.

Vehicle tracking isn't there to spy on you,
it's there to watch over you.
